

# EMERGENCY EXIT AND FIRE DOORS

We supply and install fire rated door sets, solid core doors as well as supply metal door frames throughout Queensland and Northern New South Wales.

## INSTALLATION:

Our on road service vehicles also have supply of the most commonly needed door components ready to go. We can arrange a speedy installation with just a phone call.

Builders can simply contact our office and arrange installation of units in any new construction whether it's for a new project or refit an existing building. All installations are done in compliance with appropriate codes and standards, with all signs installed and units tagged and ready to go.

## TESTING and MAINTENANCE:

Maintenance and testing of your fire rated doors ensures you have a functional evacuation system when it's most needed. Creative Fire Protection can also complete your six monthly door testing requirements. All testing is in accordance with the AS1851 fire equipment maintenance standards.

## WE CAN:

- Upgrade or modify any existing door
- Upgrade or move fire doors
- Upgrade or modify wiring to doors
- Add or remove door release devices, locksets etc
- Retro-fit an existing building
- New installation during construction
- Conduct six monthly and annual
- Document and certify for regulatory requirements
